#### FACULTY OF ARCHITECTURE AND THE BUILT ENVIRONMENT

#### Provisional list course packages AUTUMN 2020-2021 for EXCHANGE STUDENTS

Due to issues concerning scheduling and availability, we cannot offer our students a free choice of subjects. Within the study exchange program, our faculty allows during the first semester (autumn):

- Master level students to make a choice from our Master 1 programs.
- Bachelor level students to make a choice from our English taught Bachelor minor programs .

During the second semester (spring) we will offer:

 A Master level course package of 3 elective courses and a MSc2 design course (the options will be communicated later).

Below you will find the list of course packages we offer. Since we cannot guarantee enrolment in your first choice, it is obligatory to mention a second choice and a third choice in the application system and/or in your motivation letter.

In case you apply for two semesters you only have to mention the three choices for the <u>first</u> semester. You can enroll yourself for the second semester in November 2020. Choices for the second semester will not be taken into account.

Please note that it is still possible that some minor changes might occur in the offered course packages. In May the courses for the preceding Academic Year will be published in our <u>online course catalogue</u> in which practical information can be found.

Once you have submitted your application it is not allowed to switch programmes.

#### **Autumn semester**

English taught Bachelor minors (autumn only) More detailed information can be found here.

Bachelor students can choose one 15 ECTS course offered in Q1 and one that is offered in Q2.

\*These courses can only be followed in combination with matching Q1 course.

Minor: Code and name	Autumn - Q1	Autumn - Q2
BK-Mi-123-18 House of the future (only offered as 30 ECTS programme)	x	x
BK-MI-203-18 Archineering Q1	x	
BK-MI-204-18 Archineering Q2*		x
BK-MI-211-18 Heritage and Design Q1	x	
BK-MI-212-18 Heritage and Design Q2*		x
BK-MI-209-18 Spaces of Display Q1	x	
BK-MI-210-18 Spaces of Display Q2*		x
BK-MI-193-18 Cities Migration and Socio-Spatial Inequality (CMSI)	x	
BK-MI-198-18 Architecture Presentation: Visions Reviewed		x
BK-MI-197-18 Spatial Computing in Architectural Design		x
BK-MI-216-18 Sustainable Urbanism: The Green-Blue City		x
