

How to change your personal page in the Pure portal

Version date: 28-2-2018

Introduction

TU Delft researchers are able to add content to their profile page in the Pure portal (<https://pure.tudelft.nl/portal/>). The information on the Pure profile page is partly derived from Pure and partly from the TU Delft e-service environment.

Note: Your research publications (derived from Pure), together with your profile information (derived from TU Delft e-service) are displayed on the [TU Delft employee pages](#).

Procedure

- 1) Login to <https://pure.tudelft.nl/admin> with your NetID and password and click 'Edit profile...'
- 2) Personal identification
 - Some fields in this section cannot be changed because they are synchronised with the TU Delft HR system (PeopleSoft).
 - Select 'Create or Connect your ORCID ID' and add your ORCID ID. If you do not have an ORCID yet follow the instructions to create one. On the Library website you can find more information about [requesting an ORCID](#).
 - Your profile photo is synchronised with your profile photo from the TU Delft e-service environment. If you want to show your photograph on the Pure portal, login to <https://e-service.tudelft.nl/>. Select 'Personal' and click the check boxes 'Internet' and 'TU Delft' next to 'Photo'.
