**Introduction**

The Delft Career Centre works with students, alumni, partners, and employers to help them build their employability, and career management skills. By partnering, a range of career services, programs and experiences can be created for our students to gain practical experience and an introduction to the professional world. We create opportunities for students and companies to meet, exchange ideas, and engage with each other. The TU Delft Career Centre offers an extensive range of services and programs to help companies and students get to know each other and learn from each other.

**Honours Programme**

In the Honours Programme Delft excellent Bachelor and Master students have been selected to take an extra programme of 6 months, in which they are stimulated and supported to take initiative, to develop their business and industry, and where they can learn what our students are up to date on the needs and skills of all of our stakeholders.

**Partners**

As part of the package services for our students the TU Delft Career Centre offers a wide range of workshops in Dutch and English where we invite you to be a part of this mission by becoming a partner of the TU Delft Career Centre.

We like to build sustainable relationships with companies to create a positive interaction between academics and industry and our students. We invite you to be a part of this platform where business and industry, and where you can learn what our students have to offer. You can increase your brand awareness, we can keep you informed on the needs and skills of our students.
