

## Transitional Measures Master Geomatics 2012-2013

- The following rules apply to students who have started courses of the Master Geomatics in 2011-2012 or earlier, but have not yet finished them in 2012-2013.
- During 2012-2013 it is possible to do two retakes for each course mentioned below. After that year only the new course can be followed and will be part of your study progress overview. Old codes will be removed, you cannot get a grade for that anymore.
- Most courses with a 'CIE-code' will still be part of the 2012-2013 study programme at CiTG, remaining courses will be mentioned in their transitional measures.
- Surplus and shortage of credits can be compensated with electives.
- The transitional measures have to be requested, checked and approved by the Examination Committee

Common Core						
Old Code	Old Component (until 2011-2012)	Credits	Retake	New Code	New component (from 2012-2013)	Credits
GE4662	Organisational and Legal Aspects of Geo-Information	4	Last 2 retake opportunities in 2012-2013 as scheduled.	GEO1009	Geo-information Organisation and Legislation	5
GM1050	GIS Principles and Applications	4	Last 2 retake opportunities in 2012-2013 as scheduled.	GEO1002	Geographical Information Systems (GIS) and Cartography	5
GM1080	Geo Database Management Systems	4	Last 2 retake opportunities in 2012-2013 as scheduled.	GEO1006	Geo Database Management Systems	5
GM1090	Introduction Geomatics	2	Last 2 retake opportunities in 2012-2013 as scheduled.		No equivalent course	
GM1210	Location Based Services	4	Last 2 retake opportunities in 2012-2013 as scheduled.	GEO1003	Positioning and Location Awareness	5

Convergence Courses						
Old Code	Old Component (until 2011-2012)	Credits	Retake	New Code	New component (from 2012-2013)	Credits
GM1010	Reference and Coordinate Systems	4	Last 2 retake opportunities in 2012-2013 as scheduled.	GEO1003	Positioning and Location Awareness	5
GM1041	Introduction to GIS	2	Last 2 retake opportunities in 2012-2013 as scheduled.	GEO1002	Geographical Information Systems (GIS) and Cartography	5

Application Courses						
Old Code	Old Component (until 2011-2012)	Credits	Retake	New Code	New component (from 2012-2013)	Credits
GE4732	Spatial Information in Utilities	4	Last 2 retake opportunities in 2012-2013 as scheduled.	GEO1008	Geo Datasets and Quality	5

GM1110	Geo-Information Technology for Crisis Management	4	Last 2 retake opportunities in 2012-2013 as scheduled.	GEO1005	Spatial Decision Support for Planning and Crisis Management	5
--------	--	---	--	---------	---	---

Electives						
Old Code	Old Component (until 2011-2012)	Credits	Retake	New Code	New component (from 2012-2013)	Credits
GE4612	Geo information Infrastructure Technology	4	Last 2 retake opportunities in 2012-2013 as scheduled.	GEO1007	Geo Web, Sensor Networks and 3D-GeoVisualisation Technology	5
GE4622	Quality of Geoinformation	4	Last 2 retake opportunities in 2012-2013 as scheduled.	GEO1008	Geo Datasets and Quality	5
GM1020	Geo-Information Systems	5	Last 2 retake opportunities in 2012-2013 as scheduled.	GEO1004	3D Modelling of the Built Environment	5
GM1100	Research Orientation	4	Selfstudy; assignment		No equivalent course	
GM1200	Digital Terrain Modelling	4	Last 2 retake opportunities in 2012-2013 as scheduled.	GEO1004	3D Modelling of the Built Environment	5

External courses						
Old Code	Old Component (until 2011-2012)	Credits	Retake	New Code	New component (from 2012-2013)	Credits
CIE4521	Multivariate Data Analysis	4	Check programme and transitional measures CiTG		Track GRS	
CIE4522	Satellite Navigation	4	Check programme and transitional measures CiTG		Track GRS	
GM1240	Imaging Remote Sensing	4	Last 2 retake opportunities in 2012-2013 as scheduled.		Track GRS	
GM1030	Adjustment Theory	3	Last 2 retake opportunities in 2012-2013 as scheduled.		Track GRS	
GM1220	Acoustic Remote Sensing and Seafloor Mapping	4	Last 2 retake opportunities in 2012-2013 as scheduled.		Track GRS	
GM1230	Photogrammetry	4	Last 2 retake opportunities in 2012-2013 as scheduled.		Track GRS
