A Bachelor’s degree programme takes three years to complete. In the first year, you will be introduced to the subject area with a mix of lectures, tutorials and practical exercises. You will also work with your fellow students on joint projects.

In the second year, you will study your subject in greater depth, building on and using the knowledge you acquired in the first year. In the third year, you can choose a six-month minor, giving you the opportunity to explore a subject in greater depth or to learn something new.

Binding recommendation on continuation of studies
By the end of your first year of study, you must have obtained at least 45 ECTS credits of the total of 60 available. Otherwise, you will be invited to apply to the worlds of finance or real estate or to logistics or manufacturing processes.

In this degree programme you will design user-centred products and systems. You will learn to make models that describe physical phenomena and develop software for applications ranging from games to cars, from navigation systems and technology, is a unique collaborative programme offered by TU Delft and Leiden University.

Admission requirements
A Dutch pre-University (vwo) diploma qualifies for admission to Dutch Bachelor’s programmes. If you do not have a Dutch vwo diploma, you need to be 18 years or older at the time of application to be considered for admission. In all cases, you need a secondary school diploma which is considered to be equivalent to this. In all cases, you need to have a secondary school diploma that is equivalent to this. In all cases, you need to have at least the final examinations in mathematics, physics (except for Electrical Engineering), and a Dutch pre-University (vwo) diploma. Please note: some Bachelor’s programmes also require additional final examinations. More information: www.admissions.tudelft.nl
Student life
SPORTS & CULTURE
As well as studying, it is important to relax and explore your other interests. TU Delft offers a wide range of sports and creative courses of different disciplines.

City of Delft
Delft is a safe, interesting and historic town located between the larger cities of The Hague and Rotterdam. In Delft you will find many things that will help you to enjoy student life, including beautiful restaurants, pubs, two cinemas and a theatre. There are also many cultural and sporting facilities.

International cuisine
The international cuisine in Delft ranges from Chinese to Mexican to Lebanese. You don’t speak Indonesian? Don’t worry, most of the Dutch speak English.

Student societies
Each BSc programme at TU Delft has its own study associations, such as the free Friday nights with a band and DJ or films and workshops – there’s always something to do!

STUDENT SOCIETIES
The study associations also organise study-related events, such as conferences, company visits, and workshops – there’s always something to do!
