

(Ongoing) E+ KA2 projects 2014-2020 with TU Delft involvement

What is Erasmus+ and how is it managed?

The European Union's Erasmus+ program is a funding scheme to support activities in the fields of Education, Training, Youth and Sport. The Program is made up of three so-called "Key Actions" and two additional actions. Erasmus+ provides grants for activities in the fields of education, training, youth and sport. It offers opportunities for:

- individuals to spend a mobility or volunteering period abroad and to receive linguistic training,
- organizations to collaborate in project partnerships in the fields of academic and vocational training, schools, adult learning and European sport events.

E+ KA2 Action

The actions under KA2 make it possible for organizations from different participating countries to work together, to develop, share and transfer best practices and innovative approaches in the fields of education, training and youth. Below you can find an overview of the various KA2 projects with TU Delft involvement. A complete description of the project is available via the mentioned web link to the Erasmus+ Project Results Platform. This database will give you access to descriptions, results and contact information of all projects funded under the Erasmus+ program and some of the projects funded under its predecessor programs in the field of education, training, youth and sports.
