Evaluation criteria for Landscape Architecture

Portfolio and Letter of Motivation give the following profile of the applicant:

- Applicant demonstrates a clear interest in Landscape Architecture and its relation with Architecture and/or Urbanism.
- Applicant shows analytical and spatial design skills in relation to its physical context.
- Applicant shows effective communication skills, mainly in 2D and 3D drawings.
- Applicant shows an academic approach to the subject, including a critical attitude in relation to landscape architecture.
- Applicant explains his/her choice for the Landscape Architecture MSc programme and the reasons for choosing the programme at TU Delft.

All criteria must be met. Failing on one of them can lead to a rejection.
